**MINORITY HEALTH MONTH BACKGROUND 1989 – 2009**

The first Minority Health Month in April 1989 featured 81 community initiated events conducted as a 30 day statewide wellness campaign. We could not have envisioned the phenomenal growth of Minority Health Month in Ohio and throughout the United States. Minority Health Month was designed to:

- promote healthy lifestyles;
- provide crucial information to allow individuals to practice disease prevention;
- showcase the resources for and providers of grass roots healthcare and information;
- highlight the resolution of the disparate health conditions between Ohio's minority and non-minority populations; and
- to gain additional support for the on-going efforts to improve minority health year round.

**April 18**
